with Horizon International Cargo

Ocean Freight

Over 95 per cent of the world's global trade is moved by ocean. At Horizon we have a team of experts with the knowledge and experience to ensure our clients benefit from the most competitive and reliable services available. Our team will work to understand your requirements and deliver tailored solutions to meet your needs.

Over the past 20 years we have developed strong relationships with all major shipping lines to ensure reliability and flexibility for our customers' supply chains. On all major routes we provide multiple carrier options, flexible transit times and reliable space allocations.

For customers shipping 'less than container' loads (LCL) we offer a range of services that include in-house de-vanning, swift customs processing and secure onward delivery. We also offer storage, re-working and other value added processes whenever required.

For clients with multiple suppliers/ purchase orders from a common origin we operate a "buyers consolidation" service to amalgamate multiple consignments into single shipments.

All services are supported by a variety of software tools to provide visibility and event reporting by consignment and individual order levels.

Our core services include:

- FCL – Full Container Load
- LCL – Less than Container Load
- Buyers consolidation
- Door to door
- Port to port
- Documentation services
- In-house de-vanning
- Out of gauge solutions
- Project cargo
- Charter facilities
- Hanging garments
- Repackaging and specialist delivery
- Third country movements

For more information about any of our services please visit our website at: www.hicargo.com
